

THE MESSENGERS INTERNATIONAL

September 11th

A day we all can pray for peace.

This September 11th marks 5 years since that terrible day. It brought the worst out in a few people and the best out in tens of thousands of people. It also caused devastatingly extreme heartache for so many families.

This September 11th let us pray for peace. People of all faiths can pray together for peace. Our brothers and sisters of every race, creed, colour and mind set can pray and hope and dream and visualize peace. Peace is possible.
